品质卓越是永恒的主题
QUALITY EXCELLENCE IS THE ETERNAL THEME

永达玻璃钢专业环保设备供应商
诚实守信 创新超越 以客为尊 互利双赢

Glass Fiber Plastic FRP GRP Profiles Cable Pipe Steel Channels FRP Angel Iron

Our Product Introduction

Basic Information

- Place of Origin: ShanDong province, CHINA
- Brand Name: YONGDA
- Model Number: cust
- Minimum Order Quantity: one quantity, or based on order
- Price: \$1-100 per quantity, USD1-100 per quantity, to be negotiated
- Packaging Details: nude packing or bundled TEU or FR TEU, to be negotiated
- Delivery Time: 15 days To be negotiated according order
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 1000 quantity per week

Product Specification

- Application: Commerical, industry, chemical, construction, water/power/gas/oil Convey, storage Liquid
- Technique: Filament Winding
- Surface: Smooth Or Coating, or Customized
- Material: Fiberglass Reinforced Plastic, GRP, FRP
- Color: Green, blue, yellow, grey, white, or Customized
- Dimension: Customized
- Thickness: Customized
- Shape: Customized
- Pressure: 0.1Mpa-1.0Mpa
- Product Name: FRP Profiles, FRP Angel Iron, FRP H-beam, FRP Cable Pipe
- Highlight: **frp grp profiles, grp frp profiles, fiberglass frp profiles**

Product Description

Best-selling High strength Glass Fiber plastic FRP GRP profiles FRP cable pipe steel channels FRP angel iron FRP GRP

Key attribute

Industry-specific attribute

Application	commerical,industry ,chemical,,construction,water/power/gas/o il convey,storage liquid, etc
technique	Winding forming

Other attribute

Diameter	customized
Surface Treatment	smooth,Customized
Marketing Type	Hot Product 2024
Dimension	customized
Thickness	Customized
color	green,blue ,or customized
material	Fiber Reinforced Plastic, Glass Fiber plastic, FRP,
Brand Name	YongDa
product name	FRP Pipe, FRP Mortar pipe, FRP Sand pipe, FRP sanding Pipe, FRP sandwich pipe
place of origin	Shandong province,CHINA
shape	Customized
pressure	0.1-1.0Mpa

Packaging and delivery

packaging Details	bundled
port	QingDao or Customized

Supply Ability

selling units	single meter/set
single package size	based on orders
Single gross weight	based on orders
Supply Ability	1000 meters/set per Week

Lead time

quantity(meters)	1-1000	1000
Lead time(days)	15	To be negotiated

Customization

Customized logo

Min. order: 100

Customized... packaging

Production Description

Fiberglass reinforced plastic (FRP) profiles are products that use fiberglass and its products as reinforcing materials and synthetic resins as matrix materials. They also contain flame retardants and can be used as good insulation materials and instant high-temperature resistant materials. FRP profiles have the advantages of corrosion resistance, high strength, light weight, anti-aging, maintenance free, long service life, good electrical performance, etc. Suitable for industries such as animal husbandry, petrochemicals, electricity, cables, construction engineering, medical equipment, cooling equipment, etc.

Advantages

- 1, High strength, lower weight: For same diameter and working situation, FRP pipe's weight is only 1/3 of Carbon Steel's, 1/5 of casting steel's and 1/10 concrete's. When installation, it can save lifting fee, and quick installing. FRP pipe can anti acid, alkali, salt, sea water, waste water, corrosion soil, ground water and other chemical liquid.
- 2, Good hydrodynamic performance: save piping pump energy. For same pipe diameter, FRP pipe can save pump energy around 30-40%. When pumping same flow rate, FRP with sand pipe diameter can decrease around 10-25%. Saving investment, shorting pump time. Especially, for un-continuously water supply, it can save around 1/3 pumping and energy. The inner wall of FRP pipe with sand is very smooth, even many years used, the inner wall can be smooth as beginning. It is said smooth hydraulic pipe.
- 3, Excellent insulation.
- 4, Lower maintenance fee:
need not any rust protection, corrupt prevention and insulation. For ground pipe, need not cathode protection, saving engineering fee over 70%.
- 5, Designable easily: The design can meet clients' requirement, for different type, pressure class and hardness.
- 6, Long working life, high responsibility, good engineering profit. Larger diameter, lower cost.
- 7, NO toxicity, can delivery drink water.

Strict material select Adopt mechanism winding Uniform wall thickness Flat and smooth appearance

Size standard multi-specification Common specifications large inventory
In accordance with the implementation of standards

Fine workmanship The friction resistance is small, the inner wall is smooth and smooth, and it is not blocked

Product Application

Sufficient stock/support customization

Company Profile

Weifang Yongda FRP Co., Ltd. was founded in 2009, is a professional engaged in glass fiber reinforced thermosetting plastic and other new composite materials research and development, production, sales, service, a comprehensive scale of four-in-one enterprise!

The company's main products: FRP pipes, pipe fittings, FRP purification tower series, biological deodorization filter tank, environmental protection equipment, exhaust gas treatment system, activated carbon adsorption tank, septic tank, cooling tower series, storage tanks, equipment tanks, aquaculture equipment, equipment shrouds, and to undertake anticorrosive engineering, thermal insulation engineering, VOCs purification project.

Why Choose Us

Adequate inventor

Transportation and packaging

FAQ

Q1: What is your company name?
 WeiFang YongDa FRP Co., Ltd

Q2: Are you a factory or a trading company?
 We are a factory and a professional manufacturer of FRP products. We have more than 50 skilled technicians. In addition, we have professional mold engineers for design and production.

Q3: Where is your factory? How can I visit you?
 West side of the road about 3 kilometers north of Wenhe Bridge Toll Station on National Highway 206, Ying qiu Town, Chang Le County, Weifang City, Shandong Province, China. If you come to our factory,

I will arrange a pick-up for you so that we can meet up faster.

Q4: How can you guarantee the product quality?

We have the quality control system ISO9001:2015, and it's been followed strictly. We also have the professional QC team, and each our package worker will be in charge of the final inspection according to the QC instruction before packing.

Q5: Can you do OEM for me?

We accept all OEM orders, just contact us and give me your design, we will offer you a reasonable price ASAP.

Q6: What payment methods do you support?

T/T, L/C, western union
