QUALITY EXCELLENCE IS THE ETERNAL THEME

永达玻璃钢专业环保设备供应商
诚实守信 创新超越 以客为尊 互利双赢

Environmental Protection Integrated FRP Biological Deodorization Box Fiberglass Deodorization Box Waste Treatment

Our Product Introduction

Basic Information

- Place of Origin: ShanDong province, CHINA
- Brand Name: YONGDA
- Model Number: Customized
- Minimum Order Quantity: one meter, to be negotiated
- Price: \$10 -20 per meters USD 10-20 /per meters, to be negotiated
- Packaging Details: nude packing or bundled TEU or FR TEU ,to be negotiated
- Delivery Time: 15 days To be negotiated according order
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 1000 meters per Week

Product Specification

- Shape: Customized
- Material: /
- Efficiency: Good
- Application: Manufacturing Plant, Food & Beverage Factory, Garbage Disposal Station, Sewage Treatment Plant, Irrigation, Industrial Liquid Transfer, Wastewater Transport, Flood Control, Water Treatment, Agriculture
- Color: White, grey, green, customized
- Dimension: Customized
- Highlight: customized fiberglass deodorization box, customized frp biological deodorization box

Product Description

Environmental Protection Biological Deodorization Integrated Device Fiberglass Deodorization Box Waste Treatment

Key attribute

Industry-specific attribute

Application	Manufacturing Plant, Food & Beverage Factory, Garbage disposal station, Sewage treatment plant, Irrigation, Industrial Liquid Transfer, Wastewater Transport, Flood Control, Water Treatment, agriculture
technique	Filament Winding

Other attribute

Dimension	customized
Surface Treatment	smooth ,customized
Marketing Type	Hot Product 2024
core components	Gearbox, Pressure vessel, Pump, Gear, Bearing, Engine, Motor, PLC
size	Accept customization
color	green,blue,white,or customized
material	Fiber Reinforced Plastic,FRP GRP
Brand Name	YongDa
product name	FRP Integrated sewage Treatment/ MBR prefabricated sewage treatment
place of origin	Shandong province,CHINA
Voltage	customized
Power	cusotmized

Packaging and delivery

packaging Details	bundled,nude,as otrder
port	QingDao or Customized

Supply Ability

selling units	single set
single package size	based on orders
Single gross weight	based on orders
Supply Ability	10 Set per Week

Lead time

quantity(meters)	10	10
Lead time(days)	15	To be negotiated

Customization

Customized logo

Production Description

Biological Deodorization box is another innovative biofilm reactor that has been paid much attention by researchers in recent years. It is developed by the complicated operation of fluidizing the carrier, clogging the submerged biological filter, cleaning the filter material and replacing the aerator.

The basic design idea is to be able to operate continuously, without clogging, without backwashing, with small head loss and large specific surface area. This can be achieved by growing biofilms on smaller support units that move freely with the water flow in the reactor.

In box, the carrier is moved by aeration; in anoxic/anaerobic reactors, the carrier is moved by mechanical stirring. In order to prevent the loss of packing in the reactor, a porous filter can be installed at the outlet of the reactor. MBBR is generally a cuboid or cylindrical structure. The cuboid-shaped reactor is evenly divided into several grids or no grids along the length direction of the tank with a partition. Overall, the water flow in the reactor is in a plug flow state, and in each cell, the water flow is in a fully mixed state due to aeration fluidization.

Company Profile

Weifang Yongda FRP Co., Ltd. was founded in 2009, is a professional engaged in glass fiber reinforced thermosetting plastic and other new composite materials research and development, production, sales, service, a comprehensive scale of four-in-one enterprise!

The company's main products: FRP pipes, pipe fittings, FRP purification tower series, biological deodorization filter tank, environmental protection equipment, exhaust gas treatment system, activated carbon adsorption tank, septic tank, cooling tower series, storage tanks, equipment tanks, aquaculture equipment, equipment shrouds, and to undertake anticorrosive engineering, thermal insulation engineering, VOCs purification project.

Why Choose Us

Advanced production equipment

Adequate inventory

Transportation and packaging

FAQ

Q1: What is your company name?
WeiFang YongDa FRP Co., Ltd

Q2: Are you a factory or a trading company?

We are a factory and a professional manufacturer of FRP products. We have more than 50 skilled technicians. In addition, we have professional mold engineers for design and production.

Q3: Where is your factory? How can I visit you?

West side of the road about 3 kilometers north of Wenhe Bridge Toll Station on National Highway 206, Ying qiu Town, Chang Le County, Weifang City, Shandong Province, China. If you come to our factory, I will arrange a pick-up for you so that we can meet up faster.

Q4: How can you guarantee the product quality?

We have the quality control system ISO9001:2015, and it's been followed strictly. We also have the professional QC team, and each our package worker will be in charge of the final inspection according to the QC instruction before packing.

Q5: Can you do OEM for me?

We accept all OEM orders, just contact us and give me your design, we will offer you a reasonable price ASAP.

Q6: What payment methods do you support?

T/T, L/C, western union
