FRP GRP Weather Proof Fiberglass Handrail For Outdoor Steps Square Tube Handrail Frp Railing Systems

Our Product Introduction

Basic Information

- Place of Origin: ShanDong province, CHINA
- Brand Name: YONGDA
- Model Number: Customized
- Minimum Order Quantity: one meter ,to be negotiated
- Price: \$2-10 per meter USD 2-10 per meter ,to be negotiated
- Packaging Details: nude packing or bundled TEU or FR TEU ,to be negotiated
- Delivery Time: 15 days To be negotiated according order
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 1000 meters per month

Product Specification

- Application: Industry, construction
- Technique: Pultrusion
- Surface Treatment: Corrosion Resistance, UV Resistance
- Processing Service: Moulding, punching, cutting
- Color: Yellow, green, blue, white, or Customized
- Length: Customized
- Highlight: **frp fiberglass handrail, grp fiberglass handrail, grp frp railing systems**

Product Description

FRP GRP Weather proof Fiberglass handrail for outdoor steps, fiberglass square tube, handrail FRP railing system ladder

Key attribute

Industry-specific attribute

Application	industry construction , etc
techinque	pult

Other attribute

Dismension	Customized
Surface Treatment	smooth,Customized
Marketing Type	Hot Product 2024
Length	Customized
Thickness	Customized
color	yellow,blue,white,green,customized
material	Fiber plastic,FRP,
Brand Name	YongDa
product name	Fiberglass handrail for outdoor steps, fiberglass tube,FRP handrail, FRP handrail railing system/fiberglass frp ladder
place of origin	Shandong province,CHINA
shape	Round, square, channel steel, Angle steel, any shape, etc
feature	corrosion resistance,UV resistance

Packaging and delivery

packaging Details	Customized packing
port	QingDao ,or Customized

Supply Ability

selling units	single item
single package size	based on orders
Single gross weight	based on orders
Supply Ability	1000 meters per Week

Lead time

quantity(meters)	1-1000	1000
Lead time(days)	15	To be negotiated

Customization

Production Description

After being saturated in matrix materials (such as unsaturated polyesterresin),reinforced materials(such as fiberglass untwisting roving and fiberglass continuous mat)are pulled by the molding equipment through the molding system, in which they solidify continuously under high temperature and pressure so that fiberglass section products are obtained with smooth surface, stable size and very high intensity.

FRP Handrail are industrial/commercial railing systems for stair rails, platform/walkway handrails and guardrails.

Standard of FRP Guardrail System:

1. Square Handrail

The square FRP Handrail system is ideal for any high traffic area where handrail is needed. Internally bonded fiberglass connectors result in no visible rivets or metal parts. The handrail system includes a UV inhibitor for additional resistance to ultraviolet degradation and corrosion. The square handrail system is the most commonly used system because it is the most economical industrial handrail and easily fabricated in the field.

2. Round Handrail:

The round FRP Handrail system is ideal for any high traffic area where handrail is needed. The round rails are easy to grip and 90° molded corners eliminate sharp edges. Internally bonded fiberglass connectors result in no visible rivets or metal parts. The handrail system includes a UV inhibitor for additional resistance to ultraviolet degradation and corrosion. The round handrail system is commonly used in food and agricultural environments due to very little dust and debris accumulation.

we can design & produce the FRP Guardrail according to your requirement .welcome you send the inquiry.

Company Profile

Weifang Yongda FRP Co., Ltd. was founded in 2009, is a professional engaged in glass fiber reinforced thermosetting plastic and other new composite materials research and development, production, sales, service, a comprehensive scale of four-in-

one enterprise!

The company's main products: FRP pipes, pipe fittings, FRP purification tower series, biological deodorization filter tank, environmental protection equipment, exhaust gas treatment system, activated carbon adsorption tank, septic tank, cooling tower series, storage tanks, equipment tanks, aquaculture equipment, equipment shrouds, and to undertake anticorrosive engineering, thermal insulation engineering, VOCs purification project.

FAQ

Q1: What is your company name?

WeiFang YongDa FRP Co., Ltd

Q2: Are you a factory or a trading company?

We are a factory and a professional manufacturer of FRP products. We have more than 50 skilled technicians. In addition, we have professional mold engineers for design and production.

Q3: Where is your factory? How can I visit you?

West side of the road about 3 kilometers north of Wenhe Bridge Toll Station on National Highway 206, Ying qiu Town, Chang Le County, Weifang City, Shandong Province, China. If you come to our factory, I will arrange a pick-up for you so that we can meet up faster.

Q4: How can you guarantee the product quality?

We have the quality control system ISO9001:2015, and it's been followed strictly. We also have the professional QC team, and each our package worker will be in charge of the final inspection according to the QC instruction before packing.

Q5: Can you do OEM for me?

We accept all OEM orders, just contact us and give me your design, we will offer you a reasonable price ASAP.

Q6: What payment methods do you support?

T/T, L/C, western union
