## Huge Capacity Integrated Sewage Lifting Station Prefabricated Wastewater Pump Station

Our Product Introduction

### Basic Information

- Place of Origin: ShanDong province, CHINA
- Brand Name: YONGDA
- Model Number: Customized
- Minimum Order Quantity: one set ,to be negotiated
- Price: \$7000-8000 per set USD 7000-8000 per set, to be negotiated
- Packaging Details: nude packing or bundled TEU or FR TEU ,to be negotiated
- Delivery Time: 15 days To be negotiated according order
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 100 sets per month

### Product Specification

- Application: Water Lifting
- Technique: Filament Winding
- Product Name: Prefabricated Integrated Pump Station
- Diameter: Customized
- Productivity: 1000L/Hour, 20m³/d Or Customized
- Highlight: **integrated sewage lifting station, integrated wastewater pump station, wastewater sewage lifting station**

## Product Description

High efficiency huge capacity high quality Integrated sewage lifting pump station Prefabricated Wastewater Pump Station

### Key attribute

### Industry-specific attribute

Application	Manufacturing Plant, Food & Beverage Factory, Garbage disposal station, Sewage treatment plant, Irrigation, Industrial Liquid Transfer, Wastewater Transport, Flood Control, Water Treatment, agriculture
technique	Filament Winding

### Other attribute

Dimension	customized
Surface Treatment	smooth ,customized
Marketing Type	Hot Product 2024
core components	FRP Pressure vessel, Pump, Motor
size	Accept customization
color	green,grey,or customized
material	Fiber Reinforced Plastic,FRP GRP
Brand Name	YongDa
product name	FRP Integrated prefabricated pump station,integrated pump station,integrated sewage pump treatment
place of origin	Shandong province,CHINA
Voltage	110V~580V,Customized
Power	10kw - 200kw,Customized

### Packaging and delivery

packaging Details	bundled,nude,as otrder
port	QingDao or Customized

### Supply Ability

selling units	single set
single package size	based on orders
Single gross weight	based on orders
Supply Ability	10 Set per Week

### Lead time

quantity(meters)	10	10
Lead time(days)	15	To be negotiated

### Customization

Customized logo

Min. order: 1

## Production Description

Prefabricated integrated pump station is a new type and intelligent prefabricated drainage product, which is an optimized and

innovative product of traditional pumping stations. It is an alternative to traditional concrete pumping stations with short construction period, small volume, high efficiency, new materials, good fluidity, low cost, high integration, safe use, simple and fast installation and maintenance.

Integrated prefabricated pumping station is used to move waste water / rainwater / cycling water to higher elevations then transported by gravity flow. Water is fed into and stored in a sealed underground pit, commonly known as a wet well. When the level rises to a predetermined point, a pump will be started to lift the water upward through a pressurized pipe system from where it is discharged into a gravity manhole again. From here the cycle starts all over again until the water get to its point of destination – usually a treatment plant.

## Company Profile

Weifang Yongda FRP Co., Ltd. was founded in 2009, is a professional engaged in glass fiber reinforced thermosetting plastic and other new composite materials research and development, production, sales, service, a comprehensive scale of four-in-one enterprise!

The company's main products: FRP pipes, pipe fittings, FRP purification tower series, biological deodorization filter tank, environmental protection equipment, exhaust gas treatment system, activated carbon adsorption tank, septic tank, cooling tower series, storage tanks, equipment tanks, aquaculture equipment, equipment shrouds, and to undertake anticorrosive engineering, thermal insulation engineering, VOCs purification project.

## Why Choose Us

### Advanced production equipment

### Adequate inventory

## Packing & Delivery

## FAQ

**Q1: What is your company name?**  
WeiFang YongDa FRP Co., Ltd

**Q2: Are you a factory or a trading company?**  
We are a factory and a professional manufacturer of FRP products. We have more than 50 skilled technicians. In addition, we have professional mold engineers for design and production.

**Q3: Where is your factory? How can I visit you?**  
West side of the road about 3 kilometers north of Wenhe Bridge Toll Station on National Highway 206, Ying qiu Town, Chang Le County, Weifang City, Shandong Province, China. If you come to our factory, I will arrange a pick-up for you so that we can meet up faster.

**Q4: How can you guarantee the product quality?**  
We have the quality control system ISO9001:2015, and it's been followed strictly. We also have the professional QC team, and each our package worker will be in charge of the final inspection according to the QC instruction before packing.

**Q5: Can you do OEM for me?**  
We accept all OEM orders, just contact us and give me your design, we will offer you a reasonable price ASAP.

**Q6: What payment methods do you support?**  
T/T, L/C. western union
