

Integrated Pumping Sewage Waste Water Lifting Station Rainwater Storage System

Our Product Introduction

Basic Information

- Place of Origin: ShanDong province, CHINA
- Brand Name: YONGDA
- Model Number: Customized
- Minimum Order Quantity: one set ,to be negotiated
- Price: \$300-5000 per set USD 300-5000 per set, to be negotiated
- Packaging Details: nude packing or bundled TEU or FR TEU ,to be negotiated
- Delivery Time: 15 days To be negotiated according order
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 100 sets per month

Product Specification

- Applicable Industry: Hotels, Garment Shops, Building Material Shops, Manufacturing Plant, Machinery Repair Shops, Food & Beverage Factory, Farms, Restaurant, Home Use, Retail, Food Shop, Printing Shops, Construction Works, Energy & Mining, Food & Beverage Shops, Other, Advert
- Product Name: Integrated Prefabricated Pumping Station For Urban Drainage
- Maximum Flow Rate: 20000m³ Per Hour ,or Customized
- Maximum Head: 30m
- Feature: Collapsible/Foldable /Assemble
- Usage: Rainwater/Wastewater/Sewage/Urban Drainage Engineering
- Highlight: **water lifting station rainwater,
integrated lifting pump station,
integrated water lifting station**

Product Description

Integrated Pumping Pump Package Sewage Waste Water Lifting Station Integrated pumping station Rainwater storage system

Key attribute

Industry-specific attribute

Application	Manufacturing Plant, Food & Beverage Factory, Garbage disposal station, Sewage treatment plant, Irrigation, Industrial Liquid Transfer, Wastewater Transport, Flood Control, Water Treatment, agriculture
technique	Filament Winding

Other attribute

Dimension	customized
Surface Treatment	smooth ,customized
Marketing Type	Hot Product 2024
core components	FRP Pressure vessel, Pump, Motor
size	Accept customization
color	green,grey,or customized
material	Fiber Reinforced Plastic,FRP GRP
Brand Name	YongDa
product name	FRP Integrated prefabricated pump station,integrated pump station,integrated sewage pump treatment
place of origin	Shandong province,CHINA
Voltage	110V~580V,Customized
Power	10kw - 200kw,Customized

Packaging and delivery

packaging Details	bundled,nude,as otrder
port	QingDao or Customized

Supply Ability

selling units	single set
single package size	based on orders
Single gross weight	based on orders
Supply Ability	10 Set per Week

Lead time

quantity(meters)	10	10
Lead time(days)	15	To be negotiated

Production Description

Core advantages

1. Integrated design: The equipment adopts an integrated design, including the overall integration of pumps, control systems, pipelines and other components
2. Sewage lifting: The main function of this equipment is to lift the sewage from a low level to a high level. It can help treat sewage so it can efficiently enter the treatment system or pipes below.
3. High-efficiency performance: This product has strong pumping performance, which ensures efficient sewage lifting capacity, and can quickly and effectively pump sewage from low places to high places.
4. Control system: The equipment may be equipped with an advanced control system for monitoring and controlling the operation of the pump. This will ensure proper functioning and protection of the equipment.
5. High-quality materials: This product is manufactured with high-quality materials to ensure its durability and long-term reliability. This helps reduce the frequency of maintenance and replacement parts.

Company Profile

Weifang Yongda FRP Co., Ltd. was founded in 2009, is a professional engaged in glass fiber reinforced thermosetting plastic and other new composite materials research and development, production, sales, service, a comprehensive scale of four-in-one enterprise!

The company's main products: FRP pipes, pipe fittings, FRP purification tower series, biological deodorization filter tank, environmental protection equipment, exhaust gas treatment system, activated carbon adsorption tank, septic tank, cooling tower series, storage tanks, equipment tanks, aquaculture equipment, equipment shrouds, and to undertake anticorrosive engineering, thermal insulation engineering, VOCs purification project.

Why Choose Us

Advanced production equipment

Adequate inventory

Transportation and packaging

FAQ

Q1: What is your company name?
WeiFang YongDa FRP Co., Ltd

Q2: Are you a factory or a trading company?
We are a factory and a professional manufacturer of FRP products. We have more than 50 skilled technicians. In addition, we have professional mold engineers for design and production.

Q3: Where is your factory? How can I visit you?
West side of the road about 3 kilometers north of Wenhe Bridge Toll Station on National Highway 206, Ying qiu Town, Chang Le County, Weifang City, Shandong Province, China. If you come to our factory, I will arrange a pick-up for you so that we can meet up faster.

Q4: How can you guarantee the product quality?
We have the quality control system ISO9001:2015, and it's been followed strictly. We also have the professional QC team, and each our package worker will be in charge of the final inspection according to the QC instruction before packing.

Q5: Can you do OEM for me?
We accept all OEM orders, just contact us and give me your design, we will offer you a reasonable price ASAP.

Q6: What payment methods do you support?
T/T, L/C, western union
