Various Volume FRP Storage Tank Customized Plate Thickness 3mm-12mm

Our Product Introduction

Basic Information

- Place of Origin: ShanDong province, CHINA
- Brand Name: FRP Storage Tank
- Minimum Order Quantity: 1
- Price: to be negotiated
- Packaging Details: nude packing or bundled TEU or FR TEU ,to be negotiated
- Delivery Time: 15 days To be negotiated according order
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 10 set per week

Product Specification

- Plate Thickness: 3mm~12mm Customized
- Maintenance: Low
- Durability: Long-lasting
- Production Time: 5-10days
- Sample: Provided
- Temperature Resistance: High
- Core Components: Tank
- Easy To Install: Yes
- Highlight: **3mm FRP Storage Tank, Customized Plate Thickness FRP Storage Tank, 12mm FRP Storage Tank**

Product Description

Product Description:

Our FRP storage tank boasts a plate thickness of 3mm to 12mm, which can be customized according to your specific storage needs. This allows you to store your liquids safely and securely without worrying about leaks or spills.

One of the most significant advantages of our FRP storage tank is its easy installation process, allowing you to get it up and running in no time. It is also highly durable, ensuring that it can withstand harsh weather conditions and corrosive chemicals.

We understand that sometimes you need to see a product before making a purchase decision. That is why we offer a sample of our FRP storage tank so you can see the quality and durability for yourself.

Our production time for the FRP storage tank is 5-10 days, ensuring that you can have your product in your hands as soon as possible.

Our FRP storage tank is the perfect solution for all your storage needs. It is an environmentally friendly option that provides excellent durability and easy installation, making it a smart investment for your business or organization.

Features:

Product Name: FRP Storage Tank
Easy To Install: Yes
Port: Tianjin/Qingdao
Characteristic: Easy Installation And Durable
Plate Thickness: 3mm~12mm,Customized
Maintenance: Low
Our FRP Storage Tank is perfect for a variety of applications, including:
Fuel Oil Storage Tank
Full Containment LNG Storage Tank
Agricultural Water Storage Tanks

Technical Parameters:

Attribute	Value
Product Name	Flat Bottom Storage Tank, Fuel Oil Storage Tank, Full Containment LNG Storage Tank
Volume	Various Volume
Production Time	5-10 days
Environmental Friendly	Yes
Sample	Provided
Size	1800*6050
Easy To Install	Yes
Maintenance	Low
Medium	Chemicals, ordinary, regular Liquid
Durability	Long-lasting
Accessories	Inlet/Outlet Fittings, Drain Valve

Applications:

The FRP Storage Tank is a versatile product that can be used in a variety of occasions and scenarios. With its high quality and durability, it is a reliable option for customers looking for a long-lasting storage solution. Here are some of the product application occasions and scenarios:

Compressed Air Storage Tank

The FRP Storage Tank is an excellent option for compressed air storage. With its high strength and ability to withstand pressure, it can safely hold compressed air for use in a variety of industrial applications. The tank's environmental friendly nature also makes it a great choice for companies looking to reduce their carbon footprint.

Flat Bottom Storage Tank

The FRP Storage Tank is also an ideal choice for flat bottom storage. Its customizable plate thickness and various volume options make it suitable for storing a wide range of materials, including chemicals, water, and oil. The tank's accessories, such as the inlet/outlet fittings and drain valve, also make it easy to use and maintain.

FRP Tanks and Vessels

FRP tanks and vessels are commonly used in the chemical processing industry due to their corrosion resistance and durability. The FRP

Storage Tank is no exception and is a great option for companies looking for a reliable storage solution for their chemicals. Its customizable plate thickness and various volume options also make it suitable for a variety of other applications. With a minimum order quantity of 1, the FRP Storage Tank is accessible to companies of all sizes. The price and packaging details can be negotiated to fit the customer's needs, and the delivery time can be negotiated according to the order. Payment terms include L/C, T/T, and Western Union, and the product has a supply ability of 10 sets per week. The tank's size of 1800*6050 and customizable plate thickness of 3mm~12mm make it a versatile option for a variety of storage needs.

Customization:

Brand Name: FRP Storage Tank
Place of Origin: ShanDong province, CHINA
Minimum Order Quantity: 1
Price: to be negotiated
Packaging Details: nude packing or bundled ,TEU or FR TEU ,to be negotiated
Delivery Time: 15 days ,To be negotiated according order
Payment Terms: L/C, T/T, Western Union
Supply Ability: 10 set per week
Characteristic: Easy Installation And Durable
Durability: Long-lasting
Port: Tianjin/Qingdao
Core Components: Tank
Maintenance: Low
Customization Options:
- Material: Carbon Steel Storage Tank
- Usage: Fuel Oil Storage Tank, Agricultural Water Storage Tanks

Support and Services:

The FRP Storage Tank product comes with the following technical support and services:
Installation guidance and support to ensure proper setup of the tank
Regular maintenance and inspection services to ensure optimum performance and longevity of the tank
Repair and replacement services for any damaged or faulty components
Technical assistance and troubleshooting support for any issues or concerns with the tank
Training and educational resources for customers to properly operate and maintain the tank
